

CMC Building's Capabilities Statement

CMC Building, Inc. an established HUB-Zone and Women Owned Certified Construction firm, is located within the Waccamaw Siouan Tribe in Bolton, NC with satellite offices in Wilmington, Durham, and Fayetteville, North Carolina. Our company currently **provides LEED certified design and construction solutions for new and existing facilities, as well as, historic preservation and maintenance services.** We self-perform a variety of trades including Site-work, Civil, Metal Building Erection, Plumbing, Electrical, Masonry, Mechanical/HVAC, Interior Design and FF&E procurement. Our in house professionals include, Licensed Structural and Civil Engineers and Construction Management PMP's. CMC Building's 28 years experience and outstanding past performances in the United States has granted us a vast sub-contractor network for larger projects and specialty trade driven task orders.
